LIA MILLS

Lia Mills became a YouTube sensation at age 12 when her school speech on the topic of abortion got more than a half million views. She faced anger and even received death threats after the video went viral. In response to the comments and threats, Lia has said pro-lifers must embrace conflict. *"The truth is that as pro-life people, even if we are Canadian, we cannot avoid conflict, but [we must] embrace it in the right way."*

Now at age 16, Lia continues fighting against abortion as she considers herself to be pro-life and pro-woman. Lia believes that she will see an end to abortion in her lifetime. Radical, passionate and on-fire for Jesus, Lia believes that love is the best way to see that happen in a world filled with brokenness.
